Funnel and flat-top bottles from 0.1 to 1.0 liter satisfy the strictest transportation requirements in all modes of transport, and for the most varied of contents. Especially for cooking oils our bottles out of tinfoil are the best available containers. They are also used for thinner, solvent-containing cleaners and other chemical liquids.

Numerous types of closure make it easy for your customers to use your products properly. Funnel bottles are closed using a 30 mm tin screw-top. For flat-top bottles numerous types of different plastic closures are available.
